

A recuperação da atividade regional em São Paulo

Resultados do PIB (trimestre em relação ao mesmo trimestre do ano anterior)

Estado de São Paulo e regiões administrativas, 1º trim.2021, em %

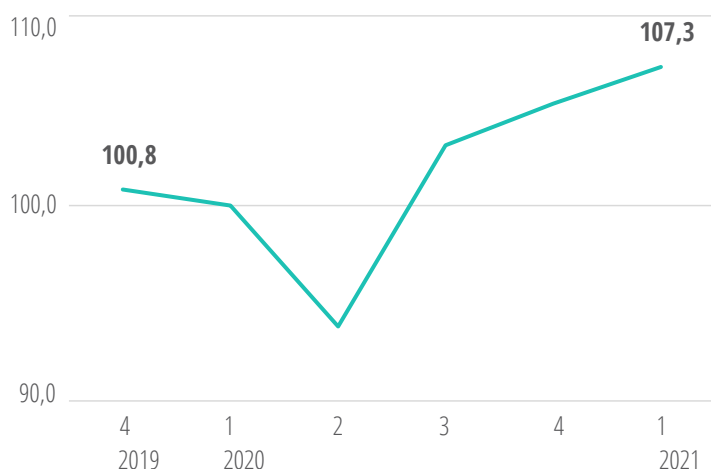

Tendo por base o 1º trimestre de 2020, período no qual se fazem sentir os primeiros efeitos da pandemia no estado de São Paulo, o PIB paulista cresceu 6,0% no 1º trimestre de 2021, com resultados positivos em todas as 16 regiões administrativas, com destaque para Campinas (9,2%) e Sorocaba (6,8%).

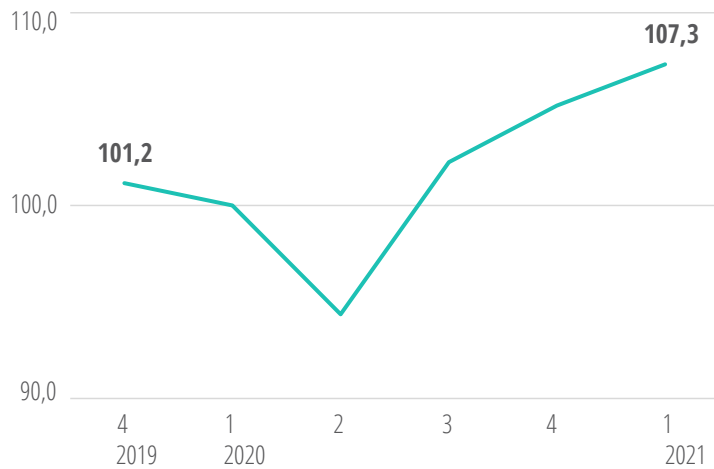

Considerando o índice do PIB do 1º trimestre de 2020 igual a 100, todas as regiões do estado de São Paulo mostram nível de atividade econômica superior ao período pré-pandemia.
